ROCKWOOL Marine & Offshore A/S
Statement of the Fulfilment of requirements of Marine Equipment Directive

Dear Sirs,

We refer to your email dated 4 January 2010.

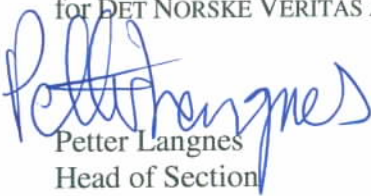

DNV confirms the following:

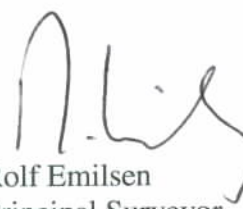

DNV have issued EC Type Examination certificates and QS Certificates of Assessment EC to Rockwool Marine & Offshore based on the Marine Equipment Directive's (96/98/EC) amendments 2002/75/EC and 2008/67/EC.

The requirements for fire testing and MED certification of the products and production audits have not changed since the directive 96/98/EC was issued, and accordingly the products having the module B (EC Type Examination Certificate) and Module D (QS- Certificate of Assessment-EC) issued according to amendment 2002/75/EC fulfil the requirements given in amendment 2008/67/EC.

The 6 April 2010, MED amendment 2009/26/EC will enter into force, and EC Type Examination Certificates (Module B) and QS- Certificate of Assessment-EC (Module D) issued to Rockwool Marine & Offshore based on amendment 2002/75/EC and 2008/67/EC will also fulfil the requirements given in amendment 2009/26/EC.

Yours faithfully
for DET NORSKE VERITAS AS
